EDUCATION

University of Washington

Postdoctoral fellow – Shea-Brown lab. – Applied Mathematics Dept.
Swartz Postdoctoral fellow – Physiology and Biophysics Dept.

Seattle, WA
September 2019 –Current
September 2017 – 2019

University of Oregon

Postdoctoral fellow - Mazzucato lab. – Neuroscience and Mathematics Dep.

Eugene, OR
March 2019–Current

Weizmann Institute of Science

PhD in Theoretical Neuroscience

– Thesis: “Neural mechanisms of memory retrieval”, Advisor Prof. Misha Tsodyks

Rehovot, Israel
March 2013–August 2017

Columbia University – Center for Theoretical Neuroscience

Visiting student

New-York, NY
January–June 2016

Scuola Normale Superiore – Physics Dep.

MSc degree in Theoretical Physics 110-110 cum laude

– Thesis: “B and K physics observables in split-family SUSY”, Advisor Prof. Gino Isidori

Pisa, Italy
September 2010–June 2012

CERN – Theoretical Physics Dep.

Visiting Student under the supervision of Prof. Gino Isidori

Geneva, Switzerland
February 2012 –June 2012

University of Geneva – Physics Dep.

Student Exchange Student, supervision of Prof. Michele Maggiore

Geneva, Switzerland
February 2012 –June 2012

Ecole Normale Supérieure – Physics Dep.

Student Exchange Program

Paris, France
November 2011 –December 2011

Scuola Normale Superiore – Physics Dep.

BSc degree in Physics

– Thesis: “Ricerca di Supersimmetria con particelle pesanti, cariche, a lunga vita media”, grade 110/110 cum laude, advisor Gigi Rolandi

Pisa, Italy
September 2007 –June 2010

SCHOLARSHIPS & AWARDS

- Swartz Postdoctoral Fellowship 2017–2020
- Feinberg Graduate School Full Scholarship 2013–2017
- Cosyne Travel Award 2017
- Best Poster Award (Israeli Conference for Neuroscience) 2016
- CNN Summer School fellowship 2014–2014
- Visiting student fellowship – University of Geneva 2012–2012

- Visiting student fellowship – Ecole Normale Superieure 2011
- HCPS Travel Award 2011
- CERN Internship fellowship 2010
- Italian governmental award for excellent students 2008–2010
- Scuola Normale Superiore Full Graduate Scholarship 2010–2012
- Scuola Normale Superiore Full Undergraduate Scholarship 2007–2010
- Gold medal award - Mathematics olympiads 2009–2010
- Best Philosophy essay – Poltronieri prize 2009

EXPERIENCE

- CNN Summer School** Shanghai, China
 Summer School student Summer 2016
 – Research project: “A neural mechanism for confidence in decision making tasks”, advisors Prof. Bill Newsome and Prof. Sophie Deneve
- Cognitive Computing Group – IBM Watson Center** Yorktown Heights, NY
 Internship student under the supervision of Mattia Rigotti in Yuri Vlasov group August – October 2015
- CERN Summer School** Geneva, Switzerland
 Internship program July – September 2020
 – Research project: “ $J/\Psi \rightarrow \mu\mu$ sideband subtraction”, advisor Sara Bolognesi.

CONFERENCES & INVITED TALKS

Vision for action workshop (online)

Invited Talk

- Title: : “Characterizing geometrical properties of action manifolds”

Julich, Germany

February 2021

World wide theoretical neuroscience seminar

Invited Talk

- Title: : “Linking dimensionality to computation in neural networks”

Seattle, WA

December 2020

University of Oregon

Invited Talk in Series “Brain and AI”

- Title: “Understanding the dimensionality of neural representations”

Eugene, OR

April 2019

Neural Computation and Engineering Connection

Invited Talk

- Title: “Signatures and mechanisms of low-dimensional neural predictive manifolds”

Seattle, WA

June –September 2018

Computational Neuroscience Conference

Invited Talk

- Title: : “Explaining the dimensionality of the activity in recurrent neural network through connectivity motifs”
- Poster: “Dimensionality in recurrent spiking networks”

Seattle, WA

June –September 2018

Cosyne

Conference in Computational Neuroscience

- Poster: “Predictive learning model of hippocampal dynamics”
- Poster: “Signatures of low-dimensional neural predictive manifolds”
- Poster: “Metastable attractors explain the variable timing of stable behavioral action sequences”
- Poster: “Dimensionality control in the critical regime of balanced networks”

Salt Lake City – Lisbon

2016 –2020

Israeli Conference for Neuroscience

Best Poster Award

- Poster: “Memory States and transitions between them in attractor neural networks”

Eilat, Israel

2016

Winter School in Quantitative Systems Biology

- Poster: “Neural network machinery of long term memory retrieval”

ICTP Trieste, Italy

2014

TEACHING

- **Lesson “Attractor models of memory storage”** – Weizmann Institute of Science Spring 2017
Neural models of Memory functions, Prof. Misha Tsodyks
- **Lesson “Echo State and Attractor Networks”** – University of Washington Spring 2019
AMATH 422/522: Computational Modeling of Biological Systems, Prof. Eric Shea-Brown
- **Lesson “Machine learning models of information processing”** – University of Washington Spring 2018
AMATH 534: Dynamics of Neurons and Networks

MENTORING

- **Matthew Farrell** – Graduate student in the Shea-Brown lab. 2017-2020
Now PostDoc at Harvard, Cengiz lab. The projects aimed at characterizing neural representations in multiple trained neural networks trained to solve specific tasks.
- **Doris Voina** – Graduate student in the Shea-Brown lab 2017-2020
The project aimed at understanding how the visual circuit is able to switch between processing visual information with very different statistical properties. For example static and moving conditions.

REVIEWER

Reviewer for international Journals and Conferences: Nature Neuroscience, Nature Computational Sciences, Patterns, eLife, Neurips.

SKILLS

- **Deep Learning:** Proficient in PyTorch, Torch, Keras, Theano
- **Professional software:** Proficiency in Python, Matlab, Mathematica, C++. Experience with R, Lua, Root.
- **Others:** Experience with Brian, XPP, Latex.

LANGUAGES

- **Italian:** native
- **English:** professional proficiency
 - **TOEFL:** score of 112
- **Hebrew:** conversational level
 - **ULPAN:** dalet level
- **French and German:** elementary level

ACTIVITIES & HOBBIES

- DEI committee Cosyne Conference, Lisbon 2022
- Volunteer mentor at juvenile detention center, Seattle September 2018-Present
- Volunteering in South Africa through international NGO September 2012-February 2013

- Master degree in Piano 2001–2012
Conservatorio di Musica L. Campiani, Mantova
- Team soccer playing in professional youth teams 1995–2007
